# NEW POWER STRIPE." POWERED UP PROTECTION.

2-III-1 PHOLECTION from HIGHT GUARU\* XTREME. Xtreme protection from odor and wetness plus a Power Stripe\* with unique odor fighters to give you a new level of control. Goes on clear, doesn't quit.

# CONTENTS

# EPARTMENTS 8 Came Finder

- An alphabetical list by platform of all the games and DVD movies featured in this issue
- 16 Best-Selling Video Cames Find out what's hot (and what's not) for today's most popular console platforms.
- 18 Sneak Previews

Previews of hot upcoming games, such as DOA Xtreme Beach Volleyball (Xbox), WWE Raw 2 (Xbox), Metal Gear Solid 2 Substance (PS2, Xbox). Xenosaga (PS2), and more

23 Coming Attractions Take a look at what titles will be gracing store shelves in upcoming months.

### 25 Buyer's Guide

Wanna buy a game? Before you pay, find out how the GamePros rated recently released games.

# 28 GamePro Labs

Check out what console system accessories are worth your hard-earned dollars.

- 32 Code Breaker CODEBREAKER Exclusive codes that enable you to do outlandish things-however, you must have a Code Breaker peripheral in order to use them.
- 38 PlaySmart This section tells you which games and movies may be inappropriate for younger gamers-and DVD movie watchers

## CHEATS, TRICKS, AND SECRETS Up-to-the-Minute Codes

Last-minute codes for the most recent game releases for several platforms, including the GameCube and Xbox

50 PlayStation 2 @ The latest codes, cheats, and tips for the best-selling

next-generation platform 71 Xbox (X)

Microsoft's system has several strong titles, and here are cheats and codes for some of them.

DVD Movies @ Secret content for your favorite movies, including hidden menus, deleted scenes, and other cool stuff

78 CameCube @ and codes for Nintendo's latest next-gen system.

Here's where you can find a treasure trove of cheats 84 Game Boy Advance 🕞 The latest and greatest handheld system available has a hearty share of cheats and codes.

# 90 PlayStation (4)

A huge selection of cheats for the "classic" 32-bit platform; remember, you can also play these titles on your PlayStation 2.

112 Dreamcast @ The Dreamcast is out, but codes and cheats for the

II4 Nintendo 64 @

A share of codes for Nintendo's predecessor console system to the GameCube

system's games certainly aren't.

116 Came Boy Color (6) The latest and greatest codes for Nintendo's "other" handheld system

118 PC @

PC cheats for such top-selling games as WarCraft III. Grand Theft Auto III, and more.

# SNEAK PREVIEWS

# The Legend of Zelda

Toroet release date: February

WHILE IT WAS battling for attention alongside the newest Mario and Metroid games in Nintendo's E<sup>3</sup> booth back in May, it's fair to say that The Legend of Zelds garnered the most attention. Everybody wanted a glimpse of the game's already infamous visuals-a cel-shaded, animated look that some gamers quickly dismissed as "kiddle," "cartoonish," and "stupid" after the first preview images (from the Japanese Spaceworld show) appeared last fall. Designer Shigeru Miyamoto has been defending his creative choice. ever since, asking fans to reserve judgement until they experience the final product.

that it truly rivaled (and resembled) film animation. The style mixes the angular aspects of Disney's Hercules with the creepy character design of Tim Burton's The Neitmore Before Christmas. Color, shading, and facial expressions combine to convey an impressive depth of emotion. In a sea of upcoming cel-shaded games, Zelda manages to stand out.

follows as the bird flies away, and his rescue mission-now your rescue mission-begins. The gameplay will be similar to that of the N64 games-plenty of puzzles mixed with creature combat-but some enhancements are in the works, too. An improved inventory system is among them; there will be no more pausing the game to get to your goods. Combat will be straightforward, focusing on the controller's A and B buttons.

No matter how you feel about Shigeru Myamoto's new visual direction for The Legend of Zelda, this much is undeniable: The game is going to have a huge impact upon its release in February, and it could well wind up defining the GameCube GV

## **Steel Battalion**

Developed and published by Capcom Torget release date: November

STEEL BATTALION CASTS you in the role of a fresh recruit ready to undergo the intense training necessary to pilot a VT. But before you can even ask, "What's a VT?," the base is under attack, thrusting you head first into battle inside the newest prototype mech to roll off the assembly line.

The game will have at least 25 missions that range from simple search and destroy sorties with other mechs to complex escort jobs. To effectively portray battle conditions in this world gone crazy, Battalion will opt for a grainy look that is somewhat reminiscent of Stent Hill 2. The controller is the real star of Steel Battalion, and it's certainly a sight to

behold. The preview version's controls were smooth but required a delicate touch. Think of it like maneuvering a slow-moving car that has legs, an independently moving head, multiple guns, and a high center of gravity. Okay, maybe that's not so easy to picture in your head, but you'll get the hang of it sooner than you think. Now getting the money (\$199) to buy the thing

# Panzer Dragoon Orta

### Developed by Smilebit Published by Sega • Target release date: January

CHANCES ARE, YOU'VE never played the Panzer Dragoon games on the Sega Saturn, and unless you're prepared to pay boffo coin, you never will. So why should you care about Panzer Dragoon Orta for the Xbox? Well, how does streaking through the war-torn remnants of a civilization atop a flying leviathan, punishing the oppressive forces of the Empire

with catachemic nowers sound? Or bustine out berserker attacks that rain destruction on massive swarms of relentless foes? What about having the ability to morph into different dragon forms, each one with unique and customizable offernive and defensive capabilities? And how do you feel about lush graphics, immense environments, superb particle effects, and a sweeping, opic, orchestral score? Combine all that with unlockable sub-cuests that enable you to experience the game from the perspective of the Empire and galleries filled with historic Pancer memora-

**WWE Raw 2** 

Developed by Anchor Published by TH

### **Dead or Alive** Xtreme Beach Volleyball

Developed by Team Ninjo - Published by Teamo Target release date: January

THE GAME THAT people joked about but secretly hoped in their dirty hearts would get made is becoming a reality. Dead or Alive Xtreme Beach Volleyball will pit the fighting game's voluptuous gals against each other in the

other mini-games and activities like gambling in order to buy new items such as swimsuits, tanning lotion, and many more fun things for your character DOA3 save files on your band drive will also unlock bonuses that can't be obtained otherwise...crzzy! GS

be able to participate in

be able to take it to the mat in Battle Royals. Faral 4-Way matches, and more, and of course, use tables, ladders, and chairs aminst your fee. The coolest new feature will be the multiplayer season mode, in which four players will be able to take their superstars to the ton. FAT

### Metal Gear Solid 2 Substance

Developed by KCEJ - Published by Kn

Torpet release date: Hovember (Xbox) First Quarter 2003 (PlayStation 2)

## Resident Evil 2

Developed and published by Capcom

 Target release date: January THE FIRST OF several "straight" Resident Evil GameCube ports (Nemesis and Code: Vernoica X are also in the works). Resident Evil 2 will follow the

adventures of two physible characters-Chire Redfield and Leon Kennedy-through two distinct see narios as they try to escape dangerfilled Raccoon City, RE2 for the Play-Station was notable for its "ranging" system, where actions taken by one character during their some affected the events of the other during their scenario, and it also introduced Hunk and Tofu mini-rames—all of which

you'll find here, too, 1979

### Resident Evil 3: Nemesis Developed and published by Capoam

NAMES IN WILL TAKE place before and after the events of Resident Evil 2. and will trail S.T.A.R.S. member NI Wientine's escape from monster-infested Recoon City In addition to the usual pre-rendered environments and sore salore, RE3 will introduce one of the tourhest monsters wit: Umbrella's nearindestructible Nemesis—a towering terror that gives

### **Breath of Fire: Dragon Quarter**

veloped and published by Capcom Target release date: February

CAPCON'S DEVELOPERS are trying some new things with the latest game in the

Breath of Fire series: Not only will it have cel-shaded charact but the battle system is also being redone and everything will have a new styliged look that's straight out of the bleakest science-

While the new Breath of Fire will use the same three-person party system, the similarities mostly end there. Battles will focus on azzressive action, requiring you to make strategic decisions and enabling such innovative niceties as setting up traps and decoys beforehand to gain an advantage over your enemies. The game will also include a "Scenario Overlay System," a roundabout way of saving that completing the story will reward you with new dungeons and cut-scenes based on your previous accomplishments. INV

# NCAA College Basketball 2K3

Developed by Visual Concepts Published by Scop Spor

VISUAL CONCEPTS HAS set its sights on college hoops for its upcoming

NCAA College Basketball 2K3, to be released on all major consoles. Over 300 Division I teams will be represented, while a robust Legacy mode will enable you to create your own team and build it into a force to be feared. Like its pro-boops counterrors, NCAA

2K3 will sport an ESPN broadcast presentation, while the PS2 and Xbox versions will support online play. Presupposine Visual Concepts works its usual magic, NCAA 2K3 should rule the

# Xenosaga

Developed and published by Names Torget release date: First Quarter 2003

THOUSANDS OF YEARS from now markind, using advanced technology and armed with a vast array of weapons, will have colonized the farthest reaches of space. Opposition by an alien species known as the Gnosis ignites a powder ker that will rip through the fabric of the universe, with you embroiled in the chaos, in the uncoming science-fiction RPG. Xenoxes.

Nameo is gunning for over 80 hours of gamenlw which will incornorate intricate character development, fully interactive NPCs, an innovative battle system, and beautifully rendered cosmic environments. Xenosara is slated for an early 2003 release. F-V

# **Battle Engine Aquila**

Developed by Lost Tays Published by I Torget release date: First Quarter 2000

GIANT ROBOTS ARE lots of fun to look at, but who has the

time to learn all those complicated controls? Hawk, the hero of Battle Engine Aquile, certainly doesn't-his first-person robot shooter plays more like a slow-paced version of Halo than a strict Gundam-No simulator. He'll need to go through approximately 40 missions, using his transformable

vessel (a land-based spiderdroid that doubles as a jet plane) to destroy enemy mechs and protect his country. While the missions in the preview version had a sense of seen-it-all-beforeness to them, the

Halo-ish control scheme was simple to master, and each map in the game had dozens of soldiers, tanks, flying machines, and other hostiles bearing down on your poor little robot. The feeling of "being there" was very convincing,

and the game's even kind to beginners: The story occasionally branches depending on your performance in certain missions, giving you easier jobs if you were strugging out on the battlefield. This should make Aguila more accessible than your typical robot-em-up when it's released in 2003. 🖼

# Pokémon Ruby/ Pokémon Sapphire

■ Developed by Come Freek. ■ Published by Nintendo · Terpet release date: Nevember (Japan): 2003 (U.S.)

NINTENDO MAY OF INE about innovation every year at E3, but it knows better than to fix what zin't broke. The two Game Boy Advance Pokemon games will work exactly the same as before: Your trainer will collect badges and try to fill up every entry in his (or herf) Pokedex, it's what's in the details. however, that will be new. The games will feature over 100 new Pokemon. a refined battle system that enables you to use two creatures at once, a fourplayer linkup mode, a female trainer, changing weather and seasons

# Rayman 3: Hoodlum Havoc

Developed and published by Ubi Soft Target release date: Mo

IL MARCHE... MAIS il n'a not de jambes. While Ubi Soft's limbless French wonder tackles the shastly Hoodlum armada and deals with the Dark Lum mergon in beautifully rendered 3D on the PhyStation 2. Xbox, and GameCube, he'll take on a different. 2D challenge on the

Game Boy Advance. The gameplay and art style of Rayman 3 for the GBA will seem strikingly familiar to anyone who has played the gorgeous Rayman Advance-only this time, instead of being a PlayStation port, it will be an all-new adventure with a distinct old-school flower ENG

# GAMEPROILABS

# Which gadgets make your games better—and which ones don't?

### Nyko AirFlo

### Rating: 4.5

It's a creay plan, but it just might work: Make a some controller, leave out the numble effect. install a remainsh for in the back, slice boles in the casing throw on some nubber grips and. with a wild oversimplification, to da-a game controller that keeps your hands cool and dry while you play. Americas include an on/off switch and two fan speeds for those really sweaty Halo multiplayer matches. The triangular body is comfortable, but the oval buttons are a bit slick and the black-and-white buttons are placed a smidge too high. Those are small compromises for a well-executed though woird idea.

Price: \$29.99. Contact: Nyko, 888-444-NYKO, www.nyko.co

## Pelican Wireless G3 Controller

### **Bating LS**

The concept was sound and something gamers wanted: Create a wireless GameCube controller that, unlike Nintendo's Wivefield, offered ramble feedback. The G3 is Policar's true but at a case of try try again. The numble feedback is very flaky-several controllers clidn't rumble at all, and the one that did was depressingly weak. The controller lacked a solid feel, and the A button tended to activate itself at random. Linforturately, the addition of numble and a greater. range (50 feet) isn't worth the subtraction of performance, and for the same price, the WaveBird's simply better quality. Price: \$34.99. Contact: Pelican, 323/234-998. www.pelicanacc.com

### Logitech WingMan Cordless RumblePad Rating: 4.0

Logsech's Cordiess RumblePad tackles the too-many-cables-around-thecomputer problem nicely with a sculpted dual-analog PC gamepad that works from 20 feet away. The four AA batteries offer 50 hours of sameolar but make the controller feet heavy. Unfortunately, the directional and is too concave, and the analog sticks can get slick. However, with II buttons (including a throttle for flight and driving games) in a PS2-style layout, solid construction, and lagless 2.4 Ghz wereless freedom on its tide. those shortcommes are foreivable. Good thins, too-Loritsch is planning to bring this design to a console near you. Price: \$49.95, Contact: Logitech, 800/231-7717, www.logitech.com

He's not just a fire hazard anymore.
